FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Contract Administration Division (CAD) conducted a review in March 2014 of California Institute of Health and Social Services dba Children's Way Foster Family Agency (The FFA). The FFA has one licensed office in the Second Supervisorial District, one in the Fifth Supervisorial District and one in San Bernardino County. Both offices provide services to County of Los Angeles DCFS foster children. According to the FFA's program statement, its mission is "to provide a range of services to placed children, including therapeutic treatment, educational/recreational support, emancipation services and behavioral support."

At the time of the review, the FFA supervised 118 DCFS placed children in 44 Certified Foster Homes. The placed children's average length of placement was 7 months and their average age was 13.

**SUMMARY**

During CAD's Contract Compliance review, the interviewed children generally reported feeling safe at the FFA, having been provided with good care and appropriate services, being comfortable in their environment and treated with respect and dignity. The Certified Foster Parents reported they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

The FFA was in full compliance with 8 of the 11 sections of our Contract Compliance review: Licensure/Contract; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being, Personal Needs/Survival and Economic Well-Being; Discharged Children and Personnel Records.

*"To Enrich Lives Through Effective and Caring Services"*

CAD noted deficiencies in the areas of: Certified Foster Homes, related to missing criminal clearances, health screening/for other adults in the home; Facility and Environment, related to common areas not well maintained and lack of adequate perishable and non-perishable food and; Maintenance of Required Documentation/Service Delivery, related to FFA social workers not developing timely, comprehensive initial Needs and Services Plans with child's participation.

On August 12, 2014 and August 13, 2014, CAD conducted follow-up visits to verify the FFA's implementation of the Compliance Corrective Action Plan (CAP). During the visits, six additional children were interviewed to assess the on-going overall safety of the children in the FFA. All children reported feeling safe and no concerns were reported.

### **REVIEW OF REPORT**

On November 4, 2014, Theodore Howard, DCFS CAD, held an Exit Conference with FFA representatives Colleen Anderson, Executive Director; Kayla Wright, Regional Administrator; Carol Guillard, Operations Manager; Cynthia Marshall, Program Administrator; Carsha Brooks, Supervising Social Worker and Erika Huerta, Certification Manager. The FFA's representatives agreed with the review findings and recommendations; were receptive to implementing systemic changes to improve their compliance with regulatory standards; and agreed to address the noted deficiencies in the CAP.

A copy of this Compliance Report has been sent to the Auditor-Controller and Community Care Licensing.

The FFA provided the attached approved CAP addressing the recommendations noted in this Compliance Report.

DBA CHILDREN'S WAY FOSTER FAMILY AGENCY  
CONTRACT COMPLIANCE MONITORING REVIEW  
FISCAL YEAR 2013-2014**

**SCOPE OF REVIEW**

The following report is based on a "point in time" monitoring visit. The compliance report addresses findings noted during the March 2014 review. The purpose of this review was to assess California Institute of Health and Social Services dba Children's Way Foster Family Agency (The FFA). The FFA compliance with the County contract and State regulations and included a review of the FFA's program statement, as well as administrative internal policies and procedures.

The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For purposes of this review, seven County of Los Angeles DCFS placed children were selected for the sample. The Contract Administration Division (CAD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, four discharged children's files were reviewed to assess the FFA's compliance with permanency efforts. At the time of the review, seven placed children were prescribed psychotropic medication. The case files were reviewed to assess for timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm the required documentation of psychiatric monitoring.

CAD reviewed seven Certified Foster Parent (CFP) files and five staff files for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with four CFPs to assess the quality of care and supervision provided to children.

**CONTRACTUAL COMPLIANCE**

CAD found the following three areas out of compliance:

**Certified Foster Homes**

- Criminal clearances and health screenings for other adults in the home were not completed.

During the review of one CFP home, the files indicated that the CFP's 32 year-old son lives in the home. No criminal or medical clearances for this person were in the FFA's files. The FFA's file on

this CFP indicated that the son was in the process of requesting an exemption from Community Care Licensing (CCL) to live in the home. However, there was no record the exemption was approved. The FFA representatives stated that they were unaware that the son was living in the home. The FFA representatives stated that it was confirmed during its monthly walk through that the CFP's son was not living in the home. The FFA representatives stated during their private meetings with the placed children, they would inquire to see if there were any frequent visitors, overnight guests, and other adults living in the home.

On August 13, 2014, CAD conducted a follow-up visit to this home, interviewed the placed children and there was no indication of the adult son living in the home.

**Recommendation:**

The FFA's management shall ensure that:

1. All criminal clearances and health screenings for other adults in the home are completed.

**Facility and Environment**

- Common areas were not well maintained.

During the review, CAD noted in a Certified Foster Home (CFH) with household chemicals, cleaning supplies and knives were not locked or stored safely. This was brought to the immediate attention of the CFP, who secured the chemicals, cleaning supplies and knives. This was also discussed with the FFA's Administrator who confirmed that the CFP received additional training on March 20, 2014 and April 29, 2014.

On August 13, 2014, CAD conducted a follow-up visit to this CFH. All cleaning supplies, chemicals, and knives were properly stored and secured and not assessable by the children.

- Adequate perishable and non-perishable food not maintained.

CAD noted in one CFH, there were several boxes of expired macaroni and cheese. This was brought to the CFP's immediate attention, and the food was thrown away. This was also discussed with the FFA Administrator who confirmed that the CFP received training on March 25, 2014 and April 29, 2014.

On August 13, 2014, CAD conducted a follow-up visit to this CFH and no expired food was found.

**Recommendations:**

The FFA's management shall ensure that:

2. Common areas are well maintained.
3. Adequate perishable and non-perishable food are maintained.

**Maintenance of Required Documentation/Service Delivery**

- FFA social workers develop timely, comprehensive, initial Needs Service Plans (NSPs) with child's participation.

A review of seven initial NSPs revealed that one child's initial NSP did not contain her signature. This was brought to the attention of the FFA Administrator who confirmed that the FFA Social Worker would meet with the child to obtain her signature on the NSP. At the Exit Conference, the FFA representatives confirmed that they met with the FFA Social Workers and Supervisory staff on May 5, 2014, and provided training on the NSP procedures.

On August 12, 2014, CAD conducted a follow-up visit to the FFA. CAD reviewed two initial NSPs and found they had all the required signatures, in addition to being completed timely and comprehensive.

**Recommendation:**

The FFA's management shall ensure that:

4. FFA social workers develop timely, comprehensive initial NSPs with child's participation.

**PRIOR YEAR FOLLOW-UP FROM DCFS OUT-OF-HOME CARE MANAGEMENT DIVISION (OHCMD)'s FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW**

The OHCMD's last compliance report dated September 12, 2013, identified eight recommendations.

**Results**

Based on CAD's review, the FFA fully implemented 7 of the 8 previous recommendations:

- Establish an oversight plan to ensure all FFA certified foster homes comply with CCL regulations regarding Licensure/Contract Requirements.
- Children's NSP's are approved and signed by their respective CSWs in a timely manner and the FFA's attempts to obtain their signatures are documented in the children's case files.
- Children's progress towards meeting the NSP goals is documented.
- Children's updated NSPs follow County contract requirements of which they are specific, measurable, achievable, relevant and time-limited.
- Children's Quarterly Reports are completed, updated and reflective of the children's actual current progress during the specific quarters.
- Children's annual medical examinations are conducted in a timely manner.
- All children are provided a Life Book/Photo Album by certified foster parents and encouraged and assisted in updating a Life Book/Photo Album.

The FFA did not implement one prior recommendation which was to ensure that:

- Children's initial NSPs follow County contract requirements of which they are specific, measurable, achievable, relevant and time-limited.

**Recommendation:**

5. The outstanding recommendation from the monitoring report dated September 12, 2013, which is noted in this report as recommendation 4 is fully implemented.

During the Exit Conference, held on November 14, 2014, the FFA representatives expressed their desire to remain in compliance with Title 22 regulations and Contract requirements and were in agreement with the findings and recommendations. On August 12, 2014 and August 13, 2014, CAD conducted follow-up visits to the FFA and to the CFHs to ensure implementation of immediate corrective action to resolve the findings. The OHCMD will provide on-going technical assistance and CAD will verify continued implementation of the recommendations at the next compliance monitoring review.

**MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER (A-C)**
